DESCRIPTION

With the Sharp dining table, designer Bertrand Jayr deconstructs the symbiosis between concrete and metal. The reversible concrete ballast protects and reveals a black metal shaft with delicate facets. The oak veneer top is tinted with a deep matte black oil. The oblong version of 180 cm long by 120 cm wide can comfortably accommodate 6 to 8 people.

DESIGNER

According to Bertrand Jayr, there is a transversality linking these disciplines that are both distinct and related. It is precisely by transgressing its own limits that Art constantly redefines itself. This is how this artist and designer from Lyon considers these two practices simultaneously. An innovative and meaningful design, reconciling creativity and use.
